Vice President, Post-Acute Care

stan.smith@paradigmcorp.com

Stan is Vice President for Paradigm with over 31 years of health care management experience in post-acute care within long-term acute care hospitals, inpatient rehabilitation hospitals, skilled nursing facilities, inpatient rehabilitation units, assisted living, and home health services. This includes providing multi-facility, multi-state executive oversight, and single-site executive director/administrator leadership.

Stan is a licensed long-term care administrator and speaker at national workers' compensation and post-acute care conferences on topics including continuous quality improvement and risk management best practice programs, the effects of the aging workforce on the workers' compensation industry, post-acute care discharge planning, and identifying workers' compensation healthcare billing fraud and abuse.

Prior to joining Paradigm, Stan was Senior Vice President at Adva-Net, when it launched, and he then directed the nation's largest post-acute care specialty healthcare provider network. Stan received an MBA in Healthcare Administration from the University of Dallas and has been recognized by the state of Missouri's long-term care industry as its Administrator of the Year.
